

PABLO NISTAL

Pablo Nistal is a designer with extensive urban design and architecture experience. His designs pay keen attention to clarity and site context, and has worked in a variety of locations and scales. His urban design work includes institutional and public planning in the United States, South America, China, and Middle East. His architectural experience spans a variety of project types including mixed use, corporate, institutional, and residential projects. Key collaborations include Brown University, Georgetown University, Harvard University, The Ohio State University, and Sacred Heart University.

EDUCATION

Harvard University, Graduate School of Design, Master of Architecture II, Architecture and Urban Planning
